3M Inhalation Port Gasket

Produktnummer: 3M6895

Highlights

Replacement gaskets

Spare parts for 3M reusable respirators

Can be installed by a trained user or a service center

For 3M reusable respirators

3M™ reusable respirators are designed for repeated use, and a range of spare parts is available to help keep the respirators in good condition. Replacement gaskets are available for 3M™ reusable respirators and can be installed by a trained user or a service center if the original gasket is lost or damaged.

Manufacturer Website: 3M™ Gaskets for Reusable Respirators – for 3M™ 6000 Series Reusable Full Face Respirators
