

MSA Affinity 2121 FFP2 NR D

Produktnummer: MSA10128877

With its high-performance thin and light filtering media Affinity 2100 is the new generation of foldable disposable respirators from MSA. Affinity 2100 offers effective protection against penetrating solid and liquid aerosol particles present in various work environments. Meeting the requirements of EN 149:2001, the different types of mask conform respectively to protection levels FFP1, FFP2 and FFP3.
