

Gas filter SR 218, A2

Produktnummer: SUNH02-2012

SR 218 Gas Filter Class 2 is designed for use with Sundström half masks and full face masks.

The filter is type A and provides protection against organic gases and vapours, such as solvents with a boiling point above +65 °C.

The gas filter can easily be combined with the SR 510 P3 R particle filter to also provide protection against aerosols (particles), for example during spray painting.
