3M Head Harness Assembly Kit, 6897

Produktnummer: 3M6897

Highlights

Spare head harness units

Spare parts for 3M reusable dust masks

Can be installed by a trained user or a service center

For 3M reusable dust masks

3M™ reusable dust masks are designed to be used many times, and a range of spare parts is available to keep the respirators in good condition. Head harness units are available for 3M™ reusable dust masks and can be installed by a trained user or a service center if the original head harness is lost or damaged.

Head harness units are available for 3M reusable dust masks and can be installed by a trained user or a service center if the original head harness is lost or damaged.
