

Safety Boot RW Petroking XT BOA 8" Metatarsal

Produktnummer: 03208

Lightweight and flexible, this men's metatarsal and puncture-resistant work boot with static dissipative protection redefines how comfortable, heavy-duty safety footwear can be. Advanced materials and innovative safety features such as the BOA® lacing system keep you protected and productive in demanding environments. The full grain leather upper, non-metallic safety toe and ForceGuard™ system surround the feet with the ultimate in protection from abrasions and chemicals. Underneath, the TredMax rubber outsole provides best-in-class slip and heat resistance. Manufactured in Italy and meets or exceeds ASTM and EN ISO safety standards.

- **MT** METATARSAL GUARD
