

# 3M Mask Organic Vapour/Dust FFA1P2D

Produktnummer: 3M4251O

The 3M™ 4000+ Series Reusable Half Face Masks are a range of ready-to-use, maintenance-free half face masks, designed for effective and comfortable protection against many gases, vapours and combination particulate hazards.

## Key features

- Disposable, maintenance-free half mask
- Twin inhalation valves and large, bonded carbon filters with permanently attached particulate filters
- Easy to use as no need for assembly, maintenance or record keeping
- Optional overspray guard (400+)

## Standards and approval

The 3M™ 4000+ Series Respirators meet the performance requirements of the European Standard EN 405: 2001+A1:2009 for valved filtering half-mask respirators for gases, vapours and particulate combinations.
