3M Filter Particle P2R, pack of 2 ea

Produktnummer: 3M5925

P1 R, P2 R and P3 R protection against solid and liquid particles

Can be used with any 3M™ Reusable Masks that feature a bayonet-style connection

For use with any 3M™ Gas and Vapour Filters, 6000 series

Designed to optimise your field of vision

3M™ Particulate Filters 5000 Series can be used with 6000 series filters for combined gas and particulate protection (in conjunction with a 501 filter retainer), and are designed to optimise your field of vision. Our filters are lightweight and feature a bayonet-style connection fitting.

For flexible P1 R, P2 R and P3 R protection against solid and liquid particles, use 3M™ Particulate Filters 5000 Series. They add protection against particulates when used with 3M™ Gas and Vapour Filters, 6000 Series (using the 3M™ Filter Retainer 501). Our lightweight particulate filters help you work safely in hazardous environments. They're designed to optimise your field of vision, and they can be used with any 3M™ Gas and Vapour Filters, 6000 series and 3M™ Reusable Masks that feature a bayonet-style connection.

Suggested Applications

- For use with 3M™ Reusable Masks that feature a bayonet-style connection
- Safe working in hazardous environments
