

# 3M Mask Dustmask with valve FFP2 NR D (Stk)

Produktnummer: 3M8822

FFP2

EN 149:2001 +A1:2009

- Traditional cup-shaped disposable respirator
- 3M™ Cool Flow™ Valve: The Cool Flow valve reduces heat build-up inside the respirator - even in hot and humid conditions
- Colour-coded headbands offer easy protection level identification - colour coded blue: FFP2 (APF = 10)
- 3M™ Cool Flow™ Valve reduces heat and moisture build-up to offer workers comfortable protection - even in hot and humid conditions
- Maximum usage level: Up to 12 x TLV
- Headbands are colour-coded for quick and easy identification, yellow for FFP1, blue for FFP2 and red for FFP3
- Designed to work well with 3M™ Eyewear and Hearing Protection products

3M™ Particulate Respirators 8000 Series provide FFP1, FFP2 and FFP3 protection. They're cup-shaped and robust, with a collapse resistant design.

Get protection against hazardous dusts and mists, with 3M™ Particulate Respirators 8000 Series. Our robust, cup-shaped respirators provide FFP1, FFP2 and FFP3 protection and feature a soft, cushioned lining for lasting comfort throughout your work shift. They have a lightweight, twin-strap design, nose clip, soft edge (the area in contact with the face) and nose foam helps fit a broad range of faces. The 3M Advanced Electret (filter) Media (AEM) aids users in breathing easily, and some of the range is available with 3M™ Cool Flow™ Valve, reducing heat build-up for users working in hot and humid conditions. The braided, colour-coded headbands help you identify the protection level offered: yellow for FFP1 (NPF 4), blue for FFP2 (NPF 12) and red for FFP3 (NPF 50). They're designed to work well with 3M Eyewear and Hearing Protection products.

## Suggested Applications

- Protection against hazardous dusts and mists
