3M Safety Helmet Peltor G3000 c/w ratchet adjustment, Red

Produktnummer: 3MG3000NUV-RD

The 3M™ Safety Helmet G3000 has been designed in close collaboration with forestry and industrial workers. It is intended for use in harsh environments with tough demands for effective protection, excellent ventilation and a maximum field of vision.

For head protection with excellent ventilation designed for harsh environments, use 3M™ Hard Hat, G3000NUV-VI. Our white hard hat features ratchet suspension, a plastic sweatband and a softly rounded design that provides a good field of vision and helps avoid parts snagging on cables or branches.

Ventilation holes distributed over a large area offer maximum through-flow of air, increasing wearer comfort. A short peak gives improved upwards visibility and a 3M™ Uvicator™ sensor disc tells you when your hard hat has been over exposed to UV-radiation and it's time to replace it.

The head harness can be rotated 180° for better visibility when working in confined spaces.
