3M Safety Helmet Peltor G3001 100VGB, Hi Vis, Ratch, Leather

Produktnummer: 3MG3001MUV1000V-G

Key Features

Safety helmet with excellent ventilation and a wide field of vision, designed for use in harsh working environments.

The 3M™ Uvicator™ indicator shows when the helmet has been exposed to excessive UV radiation and should be replaced.

Smooth, rounded design helps prevent the helmet from snagging on cables, wires, or branches.

Ventilation openings are distributed over a larger area to maximize airflow and improve wearer comfort.

The suspension can be rotated 180° for improved visibility when working in confined spaces.

Short brim provides enhanced upward visibility.

Custom printing options are available for company names and logos.

Replaceable sweatband available in leather or plastic.

Optional mining lamp holder available.

Approved for use at temperatures down to -30°C.

Available in eight standard colours: white, yellow, blue, red, green, orange, black, and high-visibility green.

Manufacturer Website: 3M Safety Helmet
