

Trouser RW FlashGuard® RainShield, Orange

Produktnummer: 6519463

These FR rainwear Hi-Vis trousers have been designed to deliver superior flashfire and arc flash protection while being a lightweight, breathable and fast drying solution. A three layer lamination of FR polyester, polyurethane and an inherent FR modacrylic/cotton lining provides flame-resistance, water and wind protection and ensures a soft, comfortable feel next to the skin. Antistatic fibers are woven into the fabric to give the garment electrostatic dissipative qualities.
