

HyFlex Medium Cut Glove

Produktnummer: ANS11-724

Lightweight abrasion-resistant gloves that protect with exceptional durability

Advanced durability: ANSI- and EN-certified, HyFlex 11-724 industrial gloves offer high-level abrasion resistance

Enhanced grip: HyFlex 11-724 industrial working gloves' palm-dipped PU coating ensures excellent grip in light oil conditions

Lightened feel: Their lightweight PU coating also augments their dexterity, for simplified handling

Heightened defenses: INTERCEPT Cut Resistance Technology helps them achieve EN ISO B/ANSI A2 cut protection

Elevated comfort: HyFlex 11-724 safety gloves' 13- gauge liner, with HPPE Lycra and Spandex, makes them exceptionally comfortable with continual use

Guaranteed convenience: These HyFlex gloves are available in vend pack form, for easily accessible and re-applicable personal protection
