Blastsafe ULTRA - Suit for abrasive blasting

Produktnummer: SIL602000

ULTRA, based on our long-time proven BlastSafe "Source" protection suit. We have refined the design and functionality into a new high-end technical safety suit created for BLASTHEROES.
With recoil absorbing inlays, rigid fabrics, high comfort sport cuffs. and breathing back panels. «ULTRA» is tested and CE approved according to ISO EN 14877. This standard is specially designed to describe properties and test methods for Shotblasting protective clothing. The suit is extremely strong and durable, and is manufactured from the flame-resistant material «Blastex™».
This is the suit of the future!
