Neck Gaitor FR

Produktnummer: 77002

This purpose-built FR neck gaiter is designed to protect from wind, sand and sun, while providing optimal comfort next to the skin. Utilizing a special blend of inherent FR fibers along with a unique, interlock knit construction, this gaiter is not only soft next to the skin but also provides great breathability and keeps its shape and elasticity after washing.

Flame Resistant

Anti-Static

EN ISO 11612, EN 1149-5
