# Workhand Pioneer Power Welder

Produktnummer: WOR300200

Power Welder is the powerful welding glove, designed for tough tasks and welding at higher current.

High-quality pearl gray ox split for extra protection. Fully sewn palm and a tailored back piece without elastic and seams, specially designed for open flame, melting beads, and wear. Lined with cotton flannel in the hand area and durable canvas lining in the cuff. The entire gloves are seam-reinforced and sewn with cut and heat-resistant Kevlar thread. 1.3-1.5 mm chrome-tanned cowhide with gray cotton binding.
