# Workhand by Mec Dex WN-632 Winter

Produktnummer: WORWN632

Impact gloves for industrial climbers and rope access technicians with warm fleece lining. The reinforced details throughout the glove are thoughtfully designed to provide impact protection on fingers and knuckles. The materials are stitched together to ensure maximum comfort and mobility. A durable neoprene cuff with velcro closure ensures a secure fit and keeps the glove stable during access and safety operations.

EN388:2016+A1:2018; EN ISO 21420; EN511:2006
