Blastsafe Helmet Origin (Optime III) Complete

Produktnummer: SIL10000

The Blastsafe ORIGIN is long approved protection system for abrasive blasting. The integrated ear muffs give the operator a unique sound protection. The helmet protects the user against injuries, and also have a layer of recoil damping material. The helmet is also upgraded with new ergonomic inlays and a new improved detachable protection hood/cape.

Ideally to be used together with
Blastsafe™ **ULTRA** - suits for abrasive blasting,

Blastsafe™ **BASE** - light suits for abrasive blasting,
Blastsafe™ **SKYWALKER** - boots for abrasive blasting and
Blastsafe™ **IRONGRIP** - gloves for abrasive blasting,
This gives you a full SYSTEM for the harsh abrasive blasting environment.

EN ISO 14594:Class4
