

Safety Shoe Winter Macultimate 3.0 Ranger

GTX

Produktnummer: UVE67683

The Heckel MACULTIMATE 3.0 RANGER GTX zip-up winter boot is ideal for those working in extreme cold conditions, dealing with wet weather, low temperatures and uneven terrain. The GORE-TEX membrane ensures that the insulation is reliably protected against water penetration. At the same time, the sweat can easily escape to the outside in the form of water vapour. For outdoor working conditions in cold weather conditions or cold storage rooms, the new GORE-TEX lining combines efficient thermal insulation with even 15% less weight with the same level of thermal protection. The 3D structure stores more air for increased insulation, while the spiral effect ensures flexibility and comfort. The Heckel MACOLE® ADVENTURE 3.0 rubber sole delivers excellent levels of grip, and high-quality materials combined with metal-free protection elements provide lower-weight safety footwear with greater flexibility.

General features

- GORE-TEX® membrane extended comfort lining, keeps feet dry
- Water-resistant full-grain leather tongue with textile gusset to keep dirt and liquid out, and loop to hold the tongue in place
- Closure system with non-metallic hooks and zip
- GRIPSTEP profile for ladders and stairs
- 100% metal-free
- Colour: black
- Available in sizes: 36 to 48 (3.5 to 13)
- Weight (at size 42): 850 grams

Safety features

- GORE-TEX Insulated Comfort membrane lining for waterproofness and breathability, 15% lighter with the same level of insulation due to GORE-TEX insulation technology
- Slip-resistant (SR) MACSOLE® ADVENTURE 3.0 rubber sole, resistant to oils and hydrocarbons, resistant to chemicals, resistant to contact heat up to 300°C (HRO)
- Light and flexible metal-free penetration-resistant midsole protects 100% of the surface of the foot
- Marked cleats with sharp edges for optimal grip
- MACSOLE® soles, made from an exclusive mixture of nitrile rubbers offer unequalled performances in terms of adherence, safety and longevity in the most extreme conditions
- Directly integrated rubber-coated scuff cap, abrasion-resistant for extended shoe life (SC)
- Reflective elements
