

RW3020, Traction Tread Lite, Men's 6-in. Boot, Width EE

Produktnummer: 3020

A lightweight version of the classic work boot with the iconic flat-bottom sole that offers stability and all-day comfort.

INCREDIBLY LIGHTWEIGHT

- Lighter than classic Traction Tred styles.

MODERN DESIGN

- Inspired by the classic traction tread style with trend-right colors and silhouettes. Ready to wear on and off the job.

DUAL-DENSITY FOOTBED

- Two layers of polyurethane add stability and cushioned comfort with a design that mimics the iconic Traction Tred outsole.

WELT CONSTRUCTION

- Provides stability and durability.

VIBRAM® LIGHTBASE TECHNOLOGY

- Innovative technology engineered to reduce sole weight while upholding exceptional performance.

LITETRED RUBBER SOLE PROTECTION

- Superior performance for all safety ratings to protect workers, including best-in-class slip resistance.
- Shallow lug pattern minimizes mud or rock build-up on boots.
- Defined heel on three styles: 2449, 3020, 3021

NON-METALLIC SAFETY TOE PROTECTION

- Protects toes without the weight and bulk.

ASTM F3445-21, SR

ASTM F2413-18, M/I/C, SD 35 PR

EN ISO 20345:2022 S7L SR HRO FO
