WORKHAND

# Glove Workhand® Dry-Fit WaterTech/Cold

Produktnummer: WOR300210

100% waterproof glove featuring a seamless WaterTech construction. Moisture is blocked between the outer shell and the integrated membrane, ensuring thermal stability, dry hands, minimal water absorption, and rapid drying time. The terry lining provides additional insulation and moisture management.

The glove is engineered without loose internal layers, delivering high tactile sensitivity, stable grip performance, and easy donning/doffing even in wet conditions.

Constructed with SmartFiber™, an ecofriendly fiber produced from recycled plastic bottles, offering enhanced comfort, odor resistance, and longterm material stability.
