

# AlphaTec® 3000 Ultrasonically Welded & Taped – Model 111

Produktnummer: MICYE30T-00111

Chemical-protective suit with a multi-layer barrier, for robust protection against various hazards.

## **Reinforced protection:**

The AlphaTec® 3000 Ultrasonically Welded & Taped – Model 111 protective suit's multi-layered fabric offers a robust barrier against various biohazards and inorganic chemicals

## **Enhanced features:**

This protective barrier is bolstered by the inclusion of dual-zip systems, double cuffs and a double zip enclosure that boosts wear life

## **Increased visibility:**

Designed in a high-visibility bright yellow color, this protective outer garment remains noticeable even in low-lit environments, boosting wearer and workplace safety

## **Assured antistatic properties:**

In addition, it adheres to EN 1149-5 antistatic standards

\*CE Category III Type 3/4/5/6 protection
