TEGERA

Gloves ESD Tegera 810 15 gg. PU dipped

Produktnummer: TEG810

A glove designed for work requiring ESD protection and high precision. The fingertips are PU-coated for excellent grip and dexterity. The 15-gauge knit construction makes the glove soft, flexible, and breathable, allowing comfortable all-day wear. The correct size is identified by the color of the cuff.

Benefits:

- Excellent fingertip sensitivity
- Extra flexible
- Extra comfortable
- Breathable
- Additional features
- ESD protection
- Antistatic / ATEX
- Complies with IEC 61340-5-1 (ESD)
- Thin
