Glove knitted nitril coated palm, Cut D, Impact

Produktnummer: GRA115-5504

GRANBERG 5504Cut-Resistant Impact Gloves

Made from Typhoon® HPPE with a nitrile-coated palm that is resistant to oil.

Extremely flexible and comfortable, making it ideal for both demanding tasks and precision work.

Provides a high level of cut protection – Cut Level D.

High-visibility yellow impact protection on the back of the hand offers a soft yet durable protective shield.

Durable nitrile palm with a sandy finish ensures excellent grip.

Elastic cuff provides a snug and secure fit around the wrist for added comfort.

Reinforced thumb crotch enhances durability during prolonged use.

Touchscreen compatible for seamless operation of electronic devices.

Resistant to contact heat up to 100°C for 15 seconds in accordance with EN 407.
