

Trousers stretch Jack, Men

Produktnummer: SWMH127320-940

The Jack men's trousers, featuring stretch-enhanced details, offer an excellent fit. It is hard to find trousers that fit as well as these. Thanks to the large stretch panels, you can move freely without any restriction. The trousers have a regular to slim fit, giving a clean and modern look. The waist can be easily adjusted with internal elastic at the back for improved comfort. Packed with functional features such as multiple pockets, key pockets, and articulated knees, these trousers are designed for optimal performance. Inside leg length is 82 cm in size C50. An extra-wide hem allows the trousers to be lengthened by up to 5 cm.
