Glove,ACTIVARMR RIG CL1 14in. Y

Produktnummer: ANSRIG114Y

Heightened durability and flexibility: ActivArmr™ Electrical Insulating Gloves Class 1 - RIG114Y are latex-made, via an environmentally friendly dipping process, for truly durable, flexible electrical PPE

Advanced ergonomics: These insulated rubber gloves' non-splayed fingers and hand-at-rest design minimize hand fatigue

Elevated comfort: A flared cuff means plentiful room for clothing and ventilation

Increased practicality: Their smooth finish makes for easy donning and doffing

Specialized defenses: They are arc flash certified (APC 2 in combination with 96-003 leather protectors), can withstand a touch voltage AC maximum of 7500 V (DC maximum 11250), while also protecting users against acid, ozone and very low temperatures*

Certified protection: As electrical PPE, they also satisfy applicable CSA, NFPA and OSHA standards

Manufacturer Website: Electrical protection gloves that deliver assured, comfortable protection*

Standarder

Standarder	2777 PPE CAT. III
