3M™ First Base™ 3 Caps med mikro brem 25mm,Elite, Marine/Grå

Produktnummer: 3M2031215

The 3M™ First Base™ 3 Bump Cap range is designed to provide protection against the effects of striking the head against hard stationary objects which can cause lacerations or other superficial injuries. Bump caps are not intended to provide protection against the effects of falling or thrown objects or suspended loads and does not offer the same protection level as an industrial safety helmet as specified in EN 397.

Typical applications and environments that utilise base ball style bump protection include manufacture and maintenance in the aerospace, automotive and facilities maintenance sectors, transportation and logistics workers, tradesmen working in environments without the risk of falling objects and government institutions such as the police.
