Low Safety Shoe, Modulo S3 TLS, Black w/Boa

Produktnummer: LNI012592

Description:

- Modulo is a lightweight, modern safety shoe for both women and men who value comfort and quality. It features the Safety Jogger TLS (Twist Lock System) for easy and precise adjustment – even while wearing gloves.
- The shoe has a breathable upper, a comfortable and replaceable insole, ESD properties, a lightweight midsole, and a protective toecap. The BASF PU outsole provides excellent grip and durability, while the reinforced toe guard protects against wear and extends the shoe's lifespan.
- Made from vegan materials – an eco-friendly choice without compromising safety or comfort.Certified according to EN ISO 20345:2022 S3S SC SR ESD FO.
