Description:

The 3M™ Adflo™ Powered Air Purifying Respirator System with 3M™ Speedglas™ 9100 MP Welding Helmet is designed to help protect the eyes and face from radiation, sparks, and spatter. This system also includes respiratory protection, head protection, optional hearing protection, and a flip-up welding shield.

The flip-up functionality built into the 3M™ Speedglas™ 9100 MP Welding Helmet with 3M™ Adflo™ Powered Air Purifying Respirator System makes it an adaptable protection solution. This system allows for quick swapping between welding filter and clear view, helping the user inspect their work while they go.
