

Sievi Safety Shoe, BOA, Lazer Roller High +S3

Size 41

Produktnummer: SIE43-52313-373-92M-41

The Lazer Roller High+ ankle boot includes our FlexEnergy® element, which is visible through the cut-out in the heel of the shoe. This allows it to move more freely, thus increasing the flexibility of the shoe. The Sievi TractionPro® friction sole ensures excellent grip. The ankle features PORON XRD® support, which moulds itself to the wearer's foot to support the ankle and absorb shocks.

EN ISO 20345:2022 S3 SR SC FO HRO
