LiteCom Wireless Ear Def. with Helmet Attachment 31dB, Blue

Produktnummer: 3MPMR446

Highlights:

- Hearing protector with built-in two-way radio
- Level-dependent technology helps improve situational awareness and communication
- Bluetooth® multipoint connectivity allows seamless connection of mobile devices
- Push-to-listen quick activation of level dependent function
- Noise cancelling waterproof IP68 classified microphone
- Voice operated transmission (VOX) for hands free use in high noise environments
- Available as headband, neckband or helmet attachment
- Lithium-Ion rechargeable battery
- Use to help you communicate efficiently in high noise environments

3M™ PELTOR™ WS™ LiteCom Plus Headset features integrated pre-programmed two-way radio, Bluetooth® Multipoint connectivity, noise-cancelling microphones, and a level-dependent function for ambient listening. The headset is available with a headband, neckband or as helmet attachments.

For effective headset-to-headset communication in noisy environments, use 3M™ PELTOR™ WS™ LiteCom Plus Headsets. These headsets help protect users against hazardous noise, while enabling communication in loud environments and maintaining situational awareness. The level-dependent function and noise-cancelling microphone help the user hear important sounds from their surroundings and communicate with colleagues without compromising on hearing protection. They feature integrated two-way radio in PMR 446 MHz or LPD 433 MHz for reliable communication and can be used with similar radio communication systems. They include Bluetooth® enabled multipoint connectivity for simultaneous, seamless connection. These headsets are available with a headband, neckband or as helmet attachments.

Key Features:

- Pre-programmed analog two-way radio communication
- Bluetooth® multipoint functionality Waterproof microphone (IP68)
- Level-dependent function for ambient listening
- Voice menu with multiple language selection

- Push-to-Listen function
- Rechargeable battery, Li-Ion
- Voice operated transmission (VOX)
- Busy channel indication
- External connection jack
- Auto power off function
- Battery status indication
- IP54 in use

Applications: The 3M™ PELTOR™ WS™ LiteCom Plus Headset offers wireless communication in noisy environments. Suitable for work in industrial, construction and ground handling applications, where hands-free communication and hearing protection are needed.

Details:

- Attenuation Rating: 31 dB, 32 dB, 34 dB
- Audio Type: Communication
- Battery Type: Lithium-ion Rechargeable
- Brands: PELTOR™
- Case Quantity: 1
- Connection Type: Wired, Wireless
- Hearing Protection Style: Headband, Helmet Mounted, Neckband
- Hearing Protection Type: Headband, Helmet Attached, Neckband
- Number of Leads: 1
- Product Series: Lite-Com, WS Series
- Product Type: Headset
- Recommended Application: Manufacturing
- Recommended Industry: Construction
- Suspension Method: Hard Hat Mount, Headband, Neckband
- Wireless Technology: Two-way Radio

Included in the box:

- 1 × WS LiteCom Plus headset
- 1 × Batteri (ACK081B)

- 1 × Hygiene kit HY83
- 1 × Mic Tape HYM1000100
- 1 × Brukermanual
