# Safety Boot, Elten Antonio XXSG BOA GTX MID

Produktnummer: ELTE76091

Thanks to its excellent discharge capability, the shoe is suitable for work in ESD sensitive or electrostatically protected areas (EPA). The shoes comply to the standard 61340-5-1.

The sole core consists of expanded, thermoplastic polyurethane in the form of oval foam beads. These stick together and are very light and elastic. This revolutionary technology cushions the impact and bounces back extremely well on pressure, so that the energy can be returned to the wearer. Even under low temperatures of -20 °C, the core maintains its high elasticity.

- GORE-TEX® EXTRAGUARD
- GORE-TEX® Performance Comfort Footwear
- Full, padded bellows tongue
- Full-length inlay sole ARTISAN ESD
