# Disposable Coverall, Tychem® 6000 F CHA5 Orange

Produktnummer: DPTFCHA5TOR00

uPont™ Tychem® 6000 F Orange. Suit with hood. Taped seams. Thumb loops. Elastic bands at sleeve and leg ends and hood. Elastic band in the back area. Self-adhesive double zipper cover and chin cover. Orange.

**Features:**

DuPont™ Tychem® 6000 F Orange. Suit with hood. Available in orange for high visibility in sizes MD to 5X. Elastics on the hood, sleeve and leg ends and in the back area for optimal fit. Thumb loops prevent the sleeves from riding up. Self-adhesive chin cover for tight closure of the suit on breathing masks. Tychem® 6000 F coveralls are made of a lightweight, durable material (<500 g per suit) of a proprietary barrier film laminated to a robust Tyvek® substrate. They provide an extraordinarily high barrier against permeation of a wide range of chemicals and protect the wearer from numerous organic and highly concentrated inorganic chemicals (including under pressure), particles, infectious agents and certain chemical warfare agents. Tychem® 6000 F is used in many different areas: cleaning after chemical accidents, emergency operations, military and petrochemicals.

- Certified according to Regulation (EU) 2016/425
- Chemical protective clothing, Category III, Type 3-B, 4-B, 5-B and 6-B
- EN 14126 (barrier to infective agents), EN 1073-2 (protection against radioactive contamination)
- Antistatic treatment (EN 1149-5) - on inside
- Stitched and over-taped seams with barrier tape for protection and strength
- Self-adhesive double zipper flap closure system for higher protection
