Glove Ansell/Edge, Mechanical Protection, 76-200

Produktnummer: ANS48-919

Light-duty safety gloves delivering excellent grip and abrasion and oil protection

Key Features and Benefits:

- Double layer nitrile coating: Safer handling of oily parts and tools
- Reduced mechanical risks: Satisfy EN 420 and EN 388 safety standards
- Elastic knitwrist: For protective gloves with a snug fit

Description:

- Optimized protection: Reinforced with two layers of nitrile coating and a rough palm, EDGE™ 48-919 durable work gloves combine superior grip with abrasion and oil repellence and keep hands dry and comfortable when handling oily parts and tools
- Enhanced defenses: These multipurpose industrial gloves are made of a seamless liner that is fully dipped in NBR coating to protect against industrial fluid exposure, and boast EN 420 (general requirements) and EN 388 (mechanical hazards) compliance
- Improved features: EDGE™ 48-919 high-quality work gloves are inexpensive and offer an elastic knitwrist and other great features, which make them ideal for workers who handle small and medium-sized components that are coated with oils and lubricants
- Food handling compliance: In addition, these food gloves comply with FDA food handling requirements and the Commission Regulation (EC) No. 1935/2004 as well as the Regulation (EC) No. 2023/2006 related to Good Manufacturing Practices (GMP) for materials and articles intended to come in contact with foodstuffs

Recommended For:

- Assembly of parts
- Maintenance
- Metal Fabrication
- Quality control
- Food Processing

Packed as 12 pairs per inner pack, 144 pairs per master carton (12 pairs/bag, 12 bags/carton).
