Coverall RW,One Shield,Hi-V,Lined,WP,Nav/Yel.

Produktnummer: 7720091

Designed as a protective outer layer, this FR garment provides a durable barrier against wind, rain, cold temperatures, and workplace hazards. Its advanced three-layer laminated construction combines waterproof, windproof, and breathable performance with inherent flame-resistant protection against flash fire and arc flash risks. Featuring 100 grams of insulation, the garment helps retain warmth in cold-weather conditions without compromising comfort or mobility. The soft inner lining and fast-drying materials support all-day wearability, while integrated antistatic fibers provide electrostatic dissipation for enhanced safety in demanding work environments.

Performance Features:
Waterproof
Windproof
100g Insulation for Cold Weather Protection
Chemical Resistant
High Visibility
Flash Fire Protection
Arc Flash Protection
Antistatic Properties
Breathable & Fast-Drying Construction
